ANCIENT FREE & ACCEPTED MASONS OF OREGON

SEPTEMBER QUARTERLY LECTURE:

ADDRESSING THE PROBLEM OF EVIL

BY KARL STARKWEATHER

MANY "NEW AGE" TEACHINGS have claimed that evil does not have a real presence on this planet, but this is contradicted by the overwhelming evidence of daily events... moreso each day it seems. The Mystery School lineage has always played a key (but mostly hidden) role in addressing this issue, and holds a different point of view than either New Age or mainstream religious traditions. Come learn about the esoteric understanding of evil (on both a personal and planetary scale) and how to deal with its impact on our life and our spiritual progression.

The Society of the Guardians of the Flame is a mystery school in the lineage of King Solomon that actively uses its inner-plane contacts with Masters and Archangels to anchor light on the planet through Initiations, Ritual work and other tools. Temporarily operating in the public realm, we offer advanced spiritual training and healing modalities. Karl Starkweather has been a teacher and initiate in this lineage for 15 years..
